# THE REEL DATE NIGHT EXPERIENCE

## THE PITCH

In the future, movies are scrambled and love no longer exists. But in a BACK TO FUTURE-style adventure, you can change the future with the help of your movies and a few analog time machines. You can restore the great movie library and allow future humans to know what love is. In the process, you will etch a REEL memory that will change the way you see and are seen by the one you love.

## THE PLOT

The Place- THE REEL STUDIOS, just off the square in Marietta, GA. The Time- Saturday afternoon and evenings. You choose your own adventure in that you can bring two other couples, do it as couple alone or meet two new couples. We have two options for experiences: 2.5 Hour Date Night Storyboard Experience (\$125 per couple) and 4 Hour Date Night Storyboard & Love Experience (\$225 a couple).

## KEY TAKEAWAYS

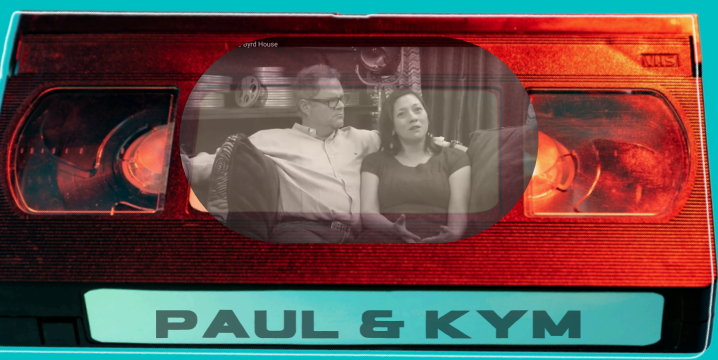

- See each other more clearly through your movie character's heroic traits, desires and inner conflict.
  - Leave with an unforgettable visual "reel" of one another's "film love language" - how you and your spouse want to receive love.
  - Create enduring and ongoing conversations anchored in the visuals that move you
-
